

*Welcome to Sea Salt Spa!*

*After 30+ years in the paper manufacturing industry, my heart led me to be surrounded by the world of beauty while helping guests with all of their skincare concerns.*

*Starting my aesthetics career in a day spa provided me with great training from massage therapists that I've been able to incorporate into my own services.*

*Being married for 34 years, raising 2 beautiful daughters and 1 very loved grand daughter, I feel I'm truly blessed to be able to finish my working life in such a satisfying way.*
